The screenshot shows a web browser window with the address bar displaying `file:///C:/Users/dell/Desktop/assignment%203/images/INDEX.html`. The page content is titled "Assignment 3" and lists five tasks:

1. Create a Bucket in IBM object storage.
2. Upload an 5 images to ibm object storage and make it public. write html code to displaying all the 5 images.
3. Upload a css page to the object storage and use the same page in your HTML code.
4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. S
5. Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page.

Below the list, there are several images of medical test tubes and vials. Some are labeled "BLOOD" and "PLASMA".

On the right side of the browser window, there is a chatbot interface. It has a header "Hi! I'm a virtual assistant. How can I help you today?" and a list of buttons: "Hi", "Hello", and "Need help". Below these is a text input field with the placeholder "Type something..." and a send button. At the bottom of the chatbot, it says "Built with IBM Watson*".

A "Battery saver" notification is visible in the top right corner of the browser window, with options "Save battery" and "Not now".

The Windows taskbar is visible at the bottom of the screen, showing the search bar, task view button, and various application icons. The system tray shows the temperature as 86°F, the date as 02-11-2022, and the time as 14:57.
